

Press release – 29 October 2020

Bladt Industries A/S appoints new Chief Commercial Officer

It is a highly experienced offshore profile who will lead the Aalborg-based Bladt Industries' sales department going forward - the 49-year-old Bo Mørup, former COO at Vestas Offshore, Head of Global Service and also former CEO, Division Europe at Nordex Group in Hamburg.

Bo Mørup will be given the global responsibility for Sales and Business development as well as Marketing. "It is our expectation that Bo Mørup with his experience from the wind power industry and his managerial skills will contribute to Bladt's continued growth journey to a great extent," says CEO, Anders Sjøe-Jensen.

As a supplier of critical components to major offshore wind power projects, the aim is that Bladt will increasingly support customer development. The aim is to develop Bladt Industries' value chain in the marketplace and thereby future-proof Bladt as one of the world's most capable suppliers of components to the wind power industry.

Bo Mørup joined Bladt on October 26, 2020 and was given the title of Chief Commercial Officer, CCO. He also joined Bladt's management group.

In connection with Bo Mørup's employment at Bladt, the current CCO in Bladt, Anne Kaptain, has gotten a new title of Chief Legal & HR Officer. Her responsibilities in the Executive Management Group continues to be Legal, HR, Communication and Administration.

About Bladt Industries

Bladt Industries is an international steel contractor specializing in large-scale and highly complex steel structures for both on- and offshore projects. We operate within two key areas of business - wind and renewable energy as well as infrastructure. More information is available at www.bladt.dk
